

Recycled Rubber Tack Boards

**Go Green
with Ghent's
Recycled
Rubber
Tack Boards!**

Made with 90% recycled materials this board is sure to pass any green standard.

The textured surface is fashioned to withstand the toughest conditions. The rubber is self-healing so it won't show pin holes. The colorfast surface resists stains and fading and it's easy to maintain. The board is so durable that Ghent guarantees it for 10 years!

Going Green isn't easy. Let Ghent help you do your part in preserving the planet all the while looking good doing it.

Green is in our veins!

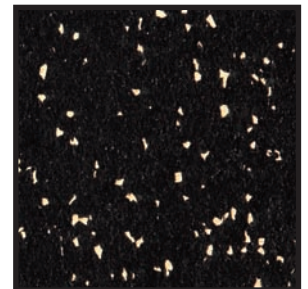

- Surface made with 90% post-consumer recycled materials
- Recycled aluminum framing
